

OLGA TENNISON AUTISM RESEARCH CENTRE

Post Doctoral Research Fellowship and PhD Scholarship

La Trobe University has established a new dedicated Autism Research Centre, a joint initiative with Autism Victoria, Australia.

Post Doctoral Research Fellowship

This three-year Fellowship is intended to advance research into Autism Spectrum Disorders for applicants with a PhD, and excellent record of research achievement, publications in the field, and ability to demonstrate research outcomes at an international level.

PhD Scholarship

The scholarship is available in any area of Autism research that

the Centre and the School of Psychological Sciences at La Trobe University can support

Applications close: 31 July 2008
